SAHYADRI Leads the Way...

Sahyadri encourages students to involve, interact and experiment to build their dreams. "Walk-in with an Idea and Walk-out with the Product", is a novel concept which involves Project Based Learning. The modern, state of the art infrastructure provides holistic, tech savvy opportunities for the development of students. In-house skill oriented programs and industry - academia interface enable students to learn future technology with hands-on experience and practical exposure to solve

socially relevant issues. On campus startups and industries that have given tremendous boost to the students for innovation, incubation, internships and research. Built on the lines of "Make in India" concept where students are encouraged to pursue their ideas and innovate continuously through the Centre of Excellence (CoE). Thus bridge the gap between Knowledge and Practice. The CoEs are a full-fledged 24X7 technical workspace to facilitate the research and exploration.

Your Journey to the Future Begins @ SAHYADRI

**Industry Connect exposure with factual experiences by industry experts.*

All the above mentioned exposures will be handled by External Resource Persons/ Industrial experts which is beyond the regular academics.
