RE: Collaborative Research on Computer Vision

To Whom It May Concern,

I am writing this statement to certify that I am collaborating with Professor Steven Lawrence Fernandes in research in computer vision area. The research project we are working on together is a camera surveillance system to detect unattended babies in a vehicle. This research also involves Mr. Mohammad Anwar, an 8th semester Electronics Engineering student.

Any questions about this collaborative research can be directed to linh@uhd.edu, or via phone +1 (713) 221 2781.

Best regards,

Hong Lin, PhD
Assistant Chair
