iSKEW SUMMIT 2.0

Date   : May 14th to May 16th, 2021
Timing.   : 10.30am to 12.30pm
Platform : Zoom

Programme Agenda

iSkew Learning – An Insight Job Guru Virtual enterprise, in its endeavour, to ensure the right opportunity meets the right preparation, proudly announces iSkew Summit 2.0.

We intend to bring together experts from the Campus Recruitment & Training industry to address challenges at hand, share current market requirement and best practices to improve employability skills among final year engineering students.

Separated into three panels – **Building Great Career, Transferrable Skill training and Future Forward** - we'll cover how effectively building skills will help prepare students for a better future.

The three day summit will assist students with the right information & tool to connect the dots between ongoing challenges and best practices to secure a campus placement job.

We broadly plan to cover the below areas of Employability Skill Development

- IT Hiring Market Trends for Btech Fresher hiring during 2021-2022
- Relevance of Virtual Hiring and preparation
- Certifications to add value to Fresher Btech profile
- How Non CS/IT students should prepare for IT placements
- Broad categories of Product Based hiring & Service Based hiring
- Online Programming Challenges & Platforms
- New Generation IT Skill requirements
- Improve English Communication & Verbal Skills
- Transferrable Skills in Quantitative Aptitude & Logical Reasoning
- How to build Btech Fresher Resume to add value during campus hiring?
- Higher Education Opportunities
