**31st May – 5th June**

**Phase 2**  
**14th June – 19th June**

**Phase 3**  
**24th June – 30th June**

## Short Term Training Programme

# ABOUT THE PROGRAMME

Pedagogy of the 20th century differs from the pedagogy of the 21st century. An in-depth study on quality of learners with the change in generation has given rise to need and introduction of innovative approaches in Teaching. In order to connect with the students in the most effective way and deliver the course in the best possible manner, there arises a mounting significance to stay relevant and bring the best teaching pedagogies to class. With the growing trend of Blended Learning (both Online and Offline mode), it is imperative to gain insights on various innovative methods of teaching so that as facilitators/trainers/teachers, we bring in such pedagogies to class and engage the students more closely. Organizations these days are highly demanding in terms of talents; hence along with knowledge, skills and attitude needs to be fine-tuned before the students leave the premises and this is possible when innovative and most relevant methods of teaching are practiced.

This Short Term Training Programme sponsored by AICTE would not only empower the Teaching fraternity with various approaches in Teaching pedagogy but also give hands-on experience for the smooth implementation of the learning outcomes. The sub themes for the sessions have been carefully picked after a thorough research on the current trends and situation. Experts are a blend of both Industry and Academia in order to provide a 3600 view and learning experience.

*AICTE Sanction Reference: 34-66/227/FDC/STTP/Policy-1/2019-20*

Short Term Training Programme

## **PROGRAMME OBJECTIVES**

**On completing the Training, Faculty will be able**

## Sahyadri MBA

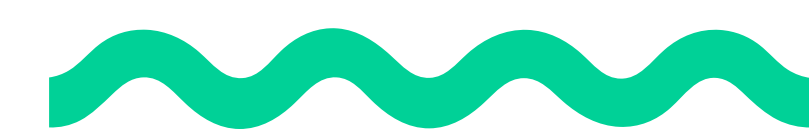

# About Department

Department of Business Administration - MBA, aims to contribute ready-fitment to the industries and create a huge talent pool with entrepreneurial mindset. With this ultimate objective, the department provides opportunity to the students to Live & Practice MBA by taking up Social concern projects and being a part of the solution to the problems faced by the society at large. Sahyadri MBA students are exposed to Hands-On experience by working in the in-house companies and start-ups during their course of study which will not only bridge the gap of 21st Century Leadership Skills but also acquaint them with the Future Skills proposed by NASSCOM. With the well-experienced and competent faculty members in the department, students are exposed to trending topics via Case Studies. Certifications through Value Added Courses and Blended Learning through Classroom and online Courses expose students to real time situations. The department emphasizes on the holistic development of the students by encouraging them to participate in Management events, Seminars, Conferences and Workshops organized by Premier Institutes along with visit to Companies for Industry- Academic Connects. The department also grants facilities to students expressing their interest towards Start-Up of their own.
